Lions' Carnival To Start Monday

The east side of the courthouse square will take on a festive air next week as the Canyon Lions Club unveils its fifth annual carnival in downtown Canyon.

Cotton candy, hot dogs, thrill rides, rdies for the kiddies, numerous prize booths, and all the ballyhoo that makes a carnival will be there as the Lions raise money for their community srevice work.

The Lions Club for the first time will open the booths each night, along with the rides.

Starts Monday

Action will begin Monday about 6 p. m. as the carnival gets underway and will continue through Saturday afternoon, C. E. Thompson, carnival director, said.

Rides for this year's carnival again will be operated by the Lone Star Amusement Company of Amarillo. Among the larger rides at the show will be the merry-go-'round, tilt-a-whirl, a roller coaster, ferris wheel, and an assortment of rides for children, Thompson said.

Booth Chairmen

Chairmen for the Lions Club booths are Charles Hillier and Marion Higdon, food concession; Art Brewer, cotton candy; Ed Williams, fishing pond and penny pitch; J. P. Taylor, ducking board; Jimmy Christopher, baseball dolls.

Also, W. E. Miller, dart board; Dr. Harry Brown, Jr., rifle shoot; Dr. W. J. Wooten, Jr., panda bear pitch; L. J. Witkowski, archery shoot, and Gene McGlasson, Jr., ride tickets.

Budget Hearing Slated For Tuesday at School

A public hearing is scheduled Tuesday, August 18, in the board room of the Canyon High School for the Canyon Independent School District's proposed budget for the 1959-60 school year.

Everyone interested has been urged to attend the meeting, which will get underway at 7:30 p. m.

The proposed budget calls for expenditures totaling $579,240, according to a budget study compiled by Joe Gibson, school superintendent.

Seven Canyon students wind up training Friday at the seventh annual West Texas Music Camp at West Texas State College. The camp ends after two weeks of intensive band, choral, and twirling instruction with a "finale" concert at 7 p. m. in Buffalo Stadium. Among the 370 students attending were, from left to right, back row, Pat Haley, Garry Foster, Sarah Ragle; front, Judy Wilson, Nancy Cleavinger, Lois Harlan, and Janie Jarrett.

Eagle Grid Practice Will Start Monday

Eagle football coach Bill Davis this week is readying equipment and mapping strategy as he prepares a "football camp" for some 30 of his charges for the coming season.

The "camp," which has been adopted by many of the high schools not allowed to conduct spring training, will be set up in the high school gym, and will be held for those gridsters Coach Davis expects to see varsity action this fall.

He said Tuesday that 30 hopefuls will attend the camp, which includes twice-a-day workouts, while the remainder of the squad reports later. Junior varsity and freshman team members will report for practice September 4, the first day of school and date of the first varsity encounter.

Begins at 7:30

Coach Davis' camp will begin at 7:30 a. m. Monday and will continue through Saturday. A morning and an afternoon practice period will be held each day, while the remainder of the day will be spent in football study periods and rest periods. The gridsters will eat lunch at the school cafeteria.

Reporting for the all-day sessions will be 10 seniors, nine juniors, and 11 sophomores. By the time the first game arrives, Coach Davis hopes to have the varsity squad cut to 24 members.

To Scrimmage Littlefield

The Eagle coach has scheduled a scrimmage game with Littlefield, a triple-A school, for August 27, to see how his charges shape up before the opening encounter with Slaton. The Eagle-Slaton match will be played here.

The camp at the gym will be discontinued the second week of practice, Coach Davis said, "What we do the second week depends on what the boys do."

He did say, however, that the squad would probably work out twice at least two days during the week.

On-field practice sessions begin

Eagle Booster Club Sets First Meeting

An organizational meeting of the Eagles Booster Club has been called for Tuesday, August 28, at 8 p. m., in the high school cafeteria.

Dads of the football players are planning the meeting and are inviting other interested men of the city to be present. However, everyone interested in the Eagles is urged to be present for the initial meeting.

Tentative program calls for a weekly meeting, when reports will be made on the preceding and coming games, including the freshman team, junior varsity and varsity. Motion pictures of the varsity games will be shown each week.

Church Women Pick Officers for Next Two Years at Meet

Officers were elected Sunday by the United Church Women to serve for the coming two years at the group's semi-annual meeting here.

Elected were Mrs. Michael Morris, president; Mrs. C. V. Wilkinson, vice president; Mrs. Bruce Winn, secretary, and Mrs. W. A. "Gus" Miller, treasurer.

The organization voted to collect clothing for the Hereford Migrant Center on August 25, and stated that an announcement would be forthcoming on the method and time of the collection.

The women also voted to sponsor the CCYC for the coming year. First meeting of the youth group is scheduled for November 6.

Johnson to Speak At WT Observance

Senator Lyndon B. Johnson this week agreed to open the observance of West Texas State College's of West Texas State College's golden anniversary.

The announcement that Sen. Johnson had accepted an engagement as principal speaker at the opening ceremonies came from Dr. James P. Cornette, president of WT.

Planned for September 26, the opening observance of WT's 50th year coincides with the dedication of the new Buffalo Stadium at the football game betwen the WT Buffaloes and the University of Arizona.

Officially called the Fall Convocation, the opening ceremony is the first of four major events planned by the college. Other planned ceremonies are Homecoming on November 7, Founders Day on February 17, and Spring Convocation of May 22, 1960.

The Fall Convocation will begin with an open house at the new football stadium and the new buildings, followed by a dinner honoring Senate Majority Leader Johnson.

Sen. Johnson will speak at 4:30 p. m. in the new 20,000 seat Buffalo Stadium.

Other events planned for September 26 include dedication of the new fine arts building and the addition to the science building.

Richard F. Stovall of Floydada, chairman of the committee for WT of the Board of Regents of Texas State Teachers Colleges, will dedicate the new construction. J. Henry Sears of Hereford, president of the Board of Regents, will introduce Stovall, and Dr. J. A. Hill, president emeritus of WT, will give the invocation.

A convocation processional, composed of the Board of Regents, faculty of WT, members of the president's party, and delegates from other colleges and universities, will open the ceremonies prior to Sen. Johnson's speech.

To Invite Many

Invitations for the Fall Convocation will be sent faculty members and officials of every junior and senior college and university in Texas and several surrounding states.

Guests at the dinner honoring the Senate Majority Leader will be college delegates, regents, legislators of the area, directors of the Panhandle-Plains Historical Society, directors of the WT Ex-Students Association, WT administrative officers, the mayors and commissioners of Amarillo and Canyon, and other dignitaries.

As announced by Dr. Cornette,

Hickmans Remain Hospitalized Here

A Canyon man and his son remain hospitalized after being struck by a car about 10:15 a.m. Sunday.

J. B. "Bud" Hickman, 50, and his son, Leo Michael Hickman, 14, are "doing fine", according to attendants at Neblett Hospital where they are being treated.

Hickman suffered a concussion, bruises and lacerations, while his son suffered a fracture of the left leg.

Driver of the car was Anthony Schoenenberger, 19, of Canyon, according to L. D. Caldwell, chief of police, who investigated the accident. Schoenenberger said he struck the pair when he swerved to avoid a car that pulled out in front of him, Caldwell said.

The accident occurred on Highway 87 between Fourth and Fifth Avenues.

The Hickmans live east of Canyon.

Hospital attendants said they did not know how much longer the Hickmans would be hospitalized.

School Registration Ahead For Youngsters of Canyon

Don't look now, but school is just around the corner.

Registration for the 1959-60 term begins September 2 when Canyon High School seniors and juniors enroll. Registration of elementary, junior high, and sophomore and freshman students will be held September 3.

Pre-registration activities begin with a faculty meeting at 8 a. m. August 31 in the high school cafeteria. Two days of in-service program of education for all teachers follow.

Classes begin September 4, with school buses running and the cafeteria serving the noon meal.

High School Registration

Seniors will kick off registration by enrolling from 9 a. m. to noon September 2, and juniors will enroll from 1 to 4 p. m. Sophomores will register from 9 a. m. to 12 noon September 3, and freshmen will enroll between 1 and 4 p. m.

Students who have moved into the school district recently should contact J. E. Miller, principal, OL 5-3923, for a schedule conference before school starts. New students are asked to have their transcripts sent from their former school to Canyon High School Principal's Office, Box 899, Canyon.

Each student will be expected to pay a $1.25 activity fee at registration. This fee covers the cost of assembly programs presented by Southern School Assemblies of Dallas.

Must Clear Accounts

Outstanding accounts must be cleared before a student can register. Laboratory fees will be paid during the first and second weeks of school.

Classification of students is based on the number of credits completed prior to registration. Minimum number of credits to obtain classification is: senior, 12; junior, 7½; sophomore, 3; freshman, less than 3.

Other Registration

Junior high school students will register from 9 a. m. to noon and 1 to 4 p. m. September 3 in the junior high school gym. No alphabetical order will be followed. An activity fee of $1 will be charged each student to pay for workbooks and other supplies.

Junior High includes grades 6 through 8.

Elementary students in first through fifth grades will enroll September 3, with pupils whose last names begin with letters "A" through "M" registering in the morning and "N" through "Z" in the afternoon.

Students must be vaccinated against smallpox, and first graders must be immunized against diptheria also. School officials recommend immunization against typhoid fever and whooping cough for first graders.

Children entering first grade will be required to have a birth certificate, which may be obtained at City Hall for any child born in Canyon since 1952.

A Canyon High School graduate, Miss Melba LaVonne Haile, is a candidate for Greenbelt Queen, to be crowned Saturday at the Greenbelt Bowl all star football classic in Childress. Miss Haile, 18, graduated from high school here last May. She plans to attend college at Texas Tech in Lubbock this fall.

Miss Barker Ends High School Work

Miss Marcia Barker, daughter of Mr. and Mrs. J. D. Barker, was graduated from Canyon High School last week after finishing her graduation requirements at summer school in Amarillo. Miss Barker completed high school in three years with a grade average of 92.

While in high school, Miss Barker was freshman class president, Future Teacher's treasurer, Future Homemakers of America secretary, a member of Junior Who's Who, National Honor Society, Science Club, band, and the junior play, for which she won honorable mention for her acting.

She wlil enter Trinity University at San Antonio this fall. She will major in elementary education.

Virginia Friemel Takes Contest

Virginia Friemel has been named as one of six 4-H girls to represent District I at the State 4-H Dress Revue, to be held in Dallas during the State Fair in October.

Miss Friemel, daughter of Mr. and Mrs. Alvin Friemel of Umbarger, was one of sixteen county dress revue winners competing in the district contest Friday in the Pioneer Natural Gas Building in Amarillo.

Won County Revue

Modeling a modified version of a white shirtwaist dress in black and white polka dot cotton satin, Miss Friemel had earlier won the Randall County Dress Revue to earn the right to compete in the district contest. She spent about three weeks making the dress as part of her work in the Umbarger 4-H Club.

Other district winners are Shelia Donnelson, Sherman County; Karol Ann Gipson, Ochiltree County; Ann Ruth Messer, Collingsworth County; Jean Zyback, Wheeler County; and Sherry Hearron, Carson County.

Judges were Miss Fann B. Eaton, clothing specialist from College Station; Mrs. Jewel P. Robinson, home demonstration agent at Leveland, and Miss Gena Brazeale, home demonstration agent at Plainview.

Competing for Trip

State contestants will be competing for expense-paid trips to the National 4-H Congress to be held in November in Chicago.

Miss Friemel, who will be a freshman at Umbarger school this fall, won an electric mixer for placing second in the 1957 Baking Queen Contest at the Tri-State Fair in Amarillo. She has also received clothing medals and an achievement medal at the county awards dinner.

She is a member of the county and district 4-H councils.

Virginia Friemel models the black and white cotton satin dress that won her the right to compete in the state 4-H Dress Revue in Dallas in October.

Commissioners Pass Anti-Weed Ordinance At Tuesday Meeting

An ordinance requiring property owners to keep vacant lots free of weeds was adopted Tuesday night at the regular meeting of the City Commissioners.

The ordinance, which will take effect in about two weeks, states that property owners or any person in control of property that allows weeds to become a nuisance are subject to fine and must clean the lots.

If the property owner fails to clean the property, the city then may clean the lot and place a "privileged lien" for the cost of the cleaning operation.

A privileged lien is an assessment similar to taxes, and just as binding as taxes on the property owner.

Fine Is $10

The fine for failure to comply with the ordinance is $10 per day, and each day will be considered as a separate offense.

Under the policy adopted Tuesday night, Herschell Stevens, city secretary, is to notify the property owner that a lot must be cleaned within 10 days. If the lot is not cleaned within that length of time, then the city can take action against the property owner.

Commissioners said they felt the ordinance was necessary to prevent some vacant lots in the city from becoming breeding places for flies, mosquitos, and other pests.

Must Clean Estate

In another attempt to clean the city, the commissioners instructed Stevens to notify heirs of the Hicks Estate to clean up the debris of the buildings on the estate which burned several months ago.

The heirs have 30 days after official notification to clean the buildings, located on 13th Street just off First Avenue.

The buildings were condemned July 7 by the Bi-City, Bi-County Health Unit of Amarillo.

In other action, the city fathers were notified that Lynn Haverick, director of the Liquified Petroleum Division of the Texas Railroad Commission, would meet with them the first part of September to consider an application for a butane filling station.

Graham Protests

Plains Butane Company of Canyon, located at 505 23rd Street (Highway 87), submitted the application to the commission.

However, Charles Graham, owner of Graham Grocery, is opposing the application. Graham's grocery store is next door to the butane company's office.

City Commission had appealed to the Railroad Commission assistance in interpreting the state's regulations before passing on the application.

The city fathers also set a new policy governing the installation of sidewalks within the city. The new policy states that new sidewalks must conform to the sidewalks already installed in the block.

In the past, the commissioners said that sidewalks had to be installed at the curb line. At that time, the Federal Housing Administration regulations called for sidewalks to abut the curb.

A Very 'Noble Experiment'

The State of Connecticut has embarked on what we would like to call "The Noble Experiment"—and it just might work in a place like Connecticut.

"The Noble Experiment" is the abolition of county government, a tradition that most modern-day students of government would as soon do without, it seems.

Connecticut, following in the footsteps of Rhode Island, has scrapped county lines and has made the whole state one big, happy family. County officials have until September 30, 1960, to clean out their desks and wind up whatever business they might have.

What Connecticut appears to have in store of itself is a large central government operated out of New Haven for all the residents of the state. Proponents of the plan claim most of the county employees will be transferred to the state payroll.

As we said before, the plan might work in Connecticut. It's one of the smallest states in the Union. Besides that, there doesn't appear to be any sort of rivalry or other distinguishing factors between counties in most of the northern states, as there is in Texas.

We think, however, Connecticut Governor Abraham Ribicoff's blanket statement condemning county governments is a little far-fetched for states as large as Texas, California, and others.

Gov. Ribicoff, according to the wire services, said:

"County government has outlived its usefulness. The limited functions it now performs can be done more efficiently and economically by concentration of the work in the agencies better suited to do it by professional training and experience. Through the years it has developed overtones of political patronage that are not attuned to the concept of good government."

Modern-day students of government cheered these statements, and quite a few county officials in every state shuddered.

Now we'll be the first to admit that there are many reforms needed in the county form of government. Some of these reforms are being advocated now, and we think they deserve the study and consideration of every Texan. One such reform that comes to mind is the proposal that counties be allowed to hire a county manager, such as cities now have. Such a manager would keep the county from being the "headless monster" it now sometimes seems to be.

But to abolish the county form of government in Texas would be a mistake. In the first place, it appears that some state agency would have to be organized to take its place. Texas is a vast state and we would hate to think of some board in Austin having to pass on whether or not Randall County can do this or that, without having some official body close to the problem to recommend it. Any agency the state would set up could only duplicate the work now being done by the officials in office.

Another thing which worries us about the centralization of any government is this: How can the people be sure they are going to get what they want? With a central government, the people get what is due them and the things that are just and correct. But we string along with the people. If what they want is not what is due them and is not just and correct, then they don't deserve it.

A third thing which pops into mind is the legislation which would have to be passed by the state senators and representatives. Wonder how they could pass strictly local legislation without meeting day and night all year if they couldn't pass legislation affecting the entire state in seven months of meeting day and night? (OG)

Cure for the Smoker

Just to get off a heavy diet of politics, state of the nation, Dan Smoot and his goblin hunts, let us consider this week the plight of the smoker.

First of all, he is enslaved by the habit, enshackled by the tax collectors, and scorned by the non-smokers.

He finds that the latest medical studies do indeed link smoking, especially cigarette smoking, with lung cancer. And with heart attacks. And lord knows how many other disorders.

Every time the legislature meets they look around for another tax to slap on the smoker, knowing full well that he who is hooked by the weed will smoke it if they boost the tax up to 50 cents a package or more.

The cigarette industry is exploiting the smoker's state of uncertainty, too. The industry has had a growing preoccupation with filters until the choice between cigarettes is no longer in their tobacco, but in their filters. Or maybe in their paper.

However, we must perceive that if a cigarette's quality consists of the protection it affords from the smoke of burning tobacco, then the perfect cigarette must be the one that doesn't produce any tobacco smoke at all.

Comes now the millennium. A manufacturer is on the market with a cigarette that doesn't produce any tobacco smoke because it doesn't contain any tobacco. As a substitute it uses vegetable fiber.

This delightful new product does not give off the tars that are associated with lung cancer and the nicotine that is suspected in heart and circulatory ailments. Whether its combustion will produce other dire ailments remains to be seen.

But the use of vegetable fibers in place of tobacco is nothing new. There are men alive today who got their first experience in smoking from a grapevine, cornsilk, or other fibers. We used to have quite a time with shredded bark from a new cedar post.

Actually, the only sane thing to do about the smoking situation is just to quit. We did it over five years ago. Feel fine. Would recommend it to anyone. Beats smoking vegetable fibers. Cheaper, too. *(Ochiltree County Herald)*

What Our Neighbors Say . . .

Scissor Snippings

Hop, Jr., in the State Line Tribune: If Tribune folks seem a little extra nervous these days, there's a reason for it.

A week ago Printer Clyde was back in the shop bathroom, minding his own business, when in walked—or we should say, slithered—a snake about three feet in length.

We have had lots of distinguished visitors in The Tribune over the years, including birds, cottontail rabbits, lizards, centipedes, mice, and some creeping things we could never identify, but this is the first appearance of a sure-'nuff snake.

What little hair Printer Clyde has left stood on end for a few moments until he got himself collected. After all, being shut up in the bathroom with a three-foot snake is not exactly a soothing experience.

Printer Clyde managed to get his wits together and snatch a medium-sized pasteboard box. He coaxed the reptile inside it. The snake was a very obliging creature, he reports.

Once the snake was safely inside, Printer Clyde taped up the top with wrapping tape and set the box on one of the shop "stones" for exhibition purposes.

He told of his exciting experience, and the mere thought of it was enough to curdle the blood of the Tribune ladies. No sir, none of them wanted a peek at the snake.

Finally we came along and heard the story, and we didn't much want to see the snake either but since all the ladies were frightened, we thought the thing for us to do was to act unafraid, so we said, "Sure, Clyde. Show him to us."

Well, that's where the fun began. Printer Clyde drew out his pocket knife and carefully slit the tape so that one flap of the top could be raised. He lifted it up and said, "Just have a look at that."

We did look, but couldn't see anything. We didn't exactly want to stick our head in so we suggested the rest of the top be opened. Clyde obliged and then did some looking himself. The snake was nowhere to be seen.

No snake appeared. At this point we began to question the whole story, but one look at Clyde's face convinced us he was shooting straight. Also, way he held his trouser legs and danced tiptoed as if he half expected the snake to slither up his leg also added some weight to his point of view.

When the news of this calamity reached the ladies' ears there were gasps and screeches. Actually, they didn't believe the snake had escaped either. They decided we had taken him out secretly and put him inside one of the desk drawers or files in order to allow them to "find" him at a later date.

The poor women don't know what to believe and are half afraid to take a step out of the front office door. We ourselves can't decide what to think of the whole story, and Printer Clyde seems to be the most mixed up one of all. He's just positive that snake couldn't have gotten out of the box.

This snake has really got The Tribune snookered.

I GIVE YOU TEXAS

By BOYCE HOUSE

(Reminiscences of the winter 1920-21)

The Travelers' Hotel in Cotulla set a good table and so the traveling salesmen who made the territory regularly would arrive in time for supper, spend the day calling on their customers in the area and get back for another supper.

Among the regular patrons of the dining room was a rancher of about my age. He was nice looking, with a quiet way about him and a pleasant smile. He was busy with his cattle—riding, roping, branding, driving them in to market.

Had one been a "bookie," if asked to quote the odds on which would live longer, the stalwart rancher or the frail newspaperman, the bookmaker would have set the figure at 50-to-1 in favor of the rancher. Yet such is the uncertainty of life, the rancher died, years ago.

Back to the traveling men—

When they found that the new guest was a newcomer to Texas and therefore had not heard the Texas stories, they proceeded to enlighten and educate me.

The first story, or saying, was General Sheridan's remark, "If I owned Texas and hell, I'd rent out Texas and live in hell." Then someone quoted Senator "Pitchfork" Tillman's utterance, "Texas has more trees and less timber, more rivers and less water, more cows and less milk and you can see farther and see less—than any durned country in the world."

Someone quoted the saying, "Nobody but fools and newcomers predict the weather in Texas" and that evoked the story of the farmer who set out for town in a wagon drawn by a yoke of oxen; on the way, one froze to death and while the owner was skinning the animal, the other one died of sunstroke!

Then someone chimed in with the saying that there is nothing between Amarillo and the North Pole except a barbed wire fence

—and that when Admiral Peary reached the North Pole, he exclaimed, "Gee! I'll bet it's cold in Amarillo today!"

These and many more were told and the youthful newspaperman stored them in his mind; later added to them as a hobby, and one day had the idea, "I know enough Texas jokes to write a book."

"I Give You Texas" was the result—and it began with those after-supper sessions in the Cotulla Hotel lobby.

Devin Undergoing Basic Training

Pvt. James R. Devin, son of Mr. and Mrs. James Roy Devin, 508 Fifth Ave., is now undergoing basic infrantry training at Fort Oro., Calif.

The 1955 Canyon High School graduate is attached to Company A, Second Battle Group, First Brigade, at Fort Ord.

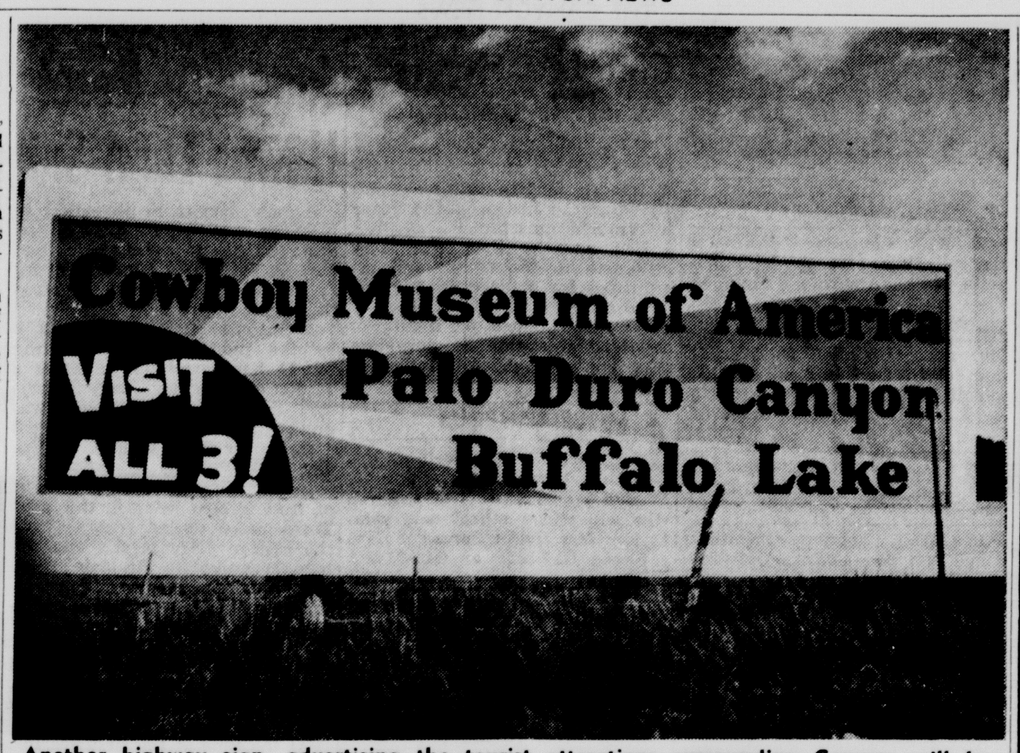

Currently he is undergoing the first cycle of basic infantry training at the training center. The eight-week program consists of courses in troop information, general military subjects, tactical training, and weapons instruction.

Former Claude Resident Joining Wayland Staff

Mrs. Billy Jane Bonifield Harvey, one-time resident of Claude and student at West Texas State College, had been added to the Wayland Baptist College faculty in Plainview, it was announced this week by Dr. A. Hope Owen, president of the college.

Mrs. Harvey has been named an instructor in the Department of Spanish, while her husband, Muerner S. Harvey, also is joining the faculty as assistant professor of chemistry.

Mrs. Harvey received her B. A. and master of education degrees from WT.

Another highway sign, advertising the tourist attractions surrounding Canyon, will be erected soon by the city's Chamber of Commerce. The above sign is located at the intersection of Highway 217 and Highway 60, west of the city. Paul Lindsey furnished the framework for the sign, while Charles Donnell did the layout and lettering. The second highway sign is planned at the junction of FM Road 1541 and Highway 217, Roland Black, C. of C. executive secretary, said.

Canyon CC Plans To Erect Second Of Highway Signs

Another highway sign, advertising the tourist attractions surrounding Canyon, is to be erected soon by the Chamber of Commerce, Roland Black, C. of C. executive secretary, said this week.

The first of the signs was erected the first part of June at the intersection of Highway 217 and Highway 60, west of the city.

The sign which is almost ready for erection now will be placed at the junction of Highway 217 and FM Road 1541, east of the city, Black said.

Other signs are to be placed to the north and south of the city on Highway 87. All of the signs will advertise tourist attractions.

Paul Lindsey furnished the framework for the sign west of town, and Charles Donnell did the layout and lettering.

Donnell also will layout and letter the remaining signs, Black said.

There may be some good in every man, but some of them keep it bottled up pretty tight.

No man can go down into the gutter without taking others with him.

Some men spend so much time hustling they accomplish nothing.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Supporters of the Randall-Potter Soil Conservation District and persons interested in commemorative stamps will be able to purchase a 4-cent soil conservation stamp locally starting August 27, Marion Higdon said today.

Although the Post Office Department is printing 120 million copies of the three-color soil conservation stamp, which portrays a modern conservation farm, the edition won't last long, Higdon predicted.

The stamp is being issued at Rapid City, S. D., on August 26 as a tribute to conservation farmers and ranchers, their local soil conservation districts, and the professional conservationists of the state and federal agencies who assist them.

"I'm sure that everyone in the Randall-Potter Soil Conservation District will want to buy these colorful and historical stamps when they go on sale here," Higdon said.

Those who are interested in a "first-day cover," a souvenir envelope, can mail addressed envelopes plus remittance for postage, to the postmaster at Rapid City, S. D., who will place the soil conservation stamp on the envelopes, cancel with a special cancellation mark used only on that day and at that place, and mail as addressed anywhere in the country, Higdon pointed out.

A soft answer may not always turn away wrath - but sometimes it saves face.

... dishwashing done in half the time - ELECTRICALLY!

Yes, it has been proven – by tests at Ohio State University – that an electric dishwasher does the job in half the time. And they didn't just do the dishes once – but for 30 days.

That's just one reason electric dishwashing makes sense. Some others are the fact that the dishes are out of sight – in the dishwasher – between loads – your hands stay lovelier – and so do your dishes – and the kids want to help with the dishes because the dishwasher makes it all so easy.

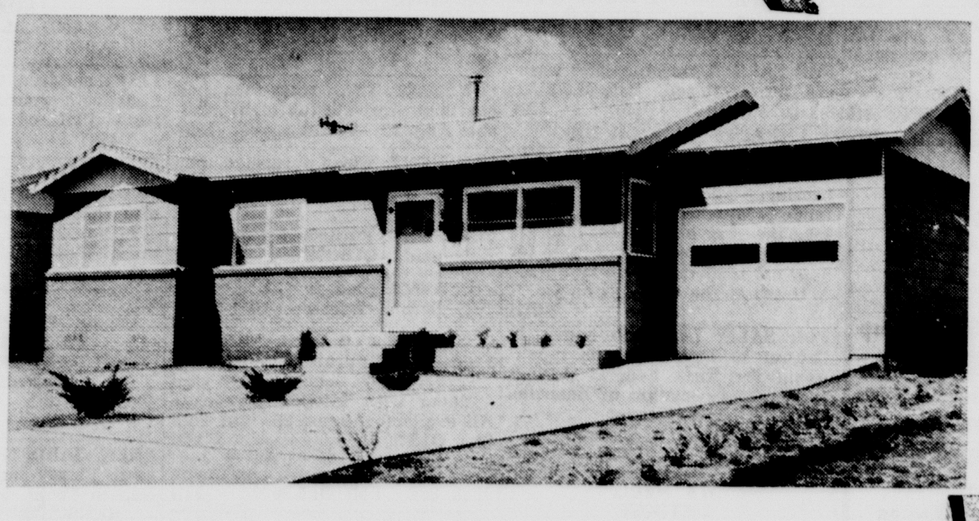

So, don't be a dishwasher – buy one.

ATTENTION, HUSBANDS
Your wife can spend half the time in the kitchen and be twice as happy with you for just 1½c a day. That's Reddy's daily wage for electric dishwashing.

Judge to Reset Hawes Land Suit

A new jury will be called to hear the condemnation suit of the State of Texas against Mr. and Mrs. E. C. Hawes, Randall County Judge Roy Joe Stevens reported this week.

A jury was dismissed last week by the judge after deliberating for 11 hours and not reaching a verdict on the case. Judge Stevens said the vote of the jurors was hung at 5-1 after deliberating from 4 p. m. Thursday to 3 p. m. Friday.

In question is a 25-acre tract of land located between the West Texas State College campus and the college dairy farm. The college, according to the state's petition, needs the land for "construction of physical education facilities, dormitories or other needs."

On September 18, 1958, a condemnation commission awarded the Hawes $45,500 for the 25 acres. The state then appealed to County Court.

At the time of the first hearing, the college's business manager reported that the state had offered $23,500 for the tract. The Hawes wanted $60,000, he said.

In appealing the case after the condemnation commission ruling, the state claimed that the amount set by the commissioners was more than the land's value.

No date for a new trial in County Court has been set.

School Spending Topic Of Rotary Club Talk

Dr. James P. Cornette, president of West Texas State College, Tuesday spoke to the Canyon Rotary Club on "Spending for Higher Education."

Dr. Cornette, a Rotarian himself, spoke to the civic organization at its regular weekly meeting.

The club was host to six guests and nine visiting Rotarians at the luncheon meeting.

TO: The unknown stockholders of the Tulia Bank and Trust Company, a defunct banking corporation, and their heirs and legal representatives; and R. E. Pruitt, W. E. Armstrong, P. J. Neff, if living; and if dead, the heirs and legal representatives of each of said named Defendants, and the unknown heirs and legal representatives of each of said named Defendants; the heirs and legal representatives of the unknown heirs of each of said Defendants, the unknown heirs of the unknown heirs of the said named Defendants, Defendants, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of September, A. D., 1959, at or before 10 o'clock A. M., before the Honorable 47th District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 20th day of July, 1959.

The file number of said suit being No. 3813.

The names of the parties in said suit are: J. C. Buntin as Plaintiff, and R. E. Pruitt, et al as Defendant.

The nature of said suit being substantially as follows, to wit:

A trespass to try title suit in which Plaintiff, for cause of action would respectfully show the Court the following, to-wit:

That on or about the 1st day of July, 1959, he was unlawfully seized and possessed of the following described land and premises, situated in Randall County, Texas, holding and claiming the same in fee simple, to-wit:

The North ½ of Section No. 66 in Block M-9, John H. Gibson Survey, situated in Randall County, Texas.

That Defendants unlawfully entered upon the said premises and ejected Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of $100.00. Plaintiff prays for judgment for title and possession of said land and other and further relief to which he is entitled as is more fully shown by Plaintiff's petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 28th day of July A. D., 1959.

Given under my hand and seal of said Court, at office in Canyon, Texas, this the 28th day of July, A. D. 1959.

Hardaway-Capps Nuptial Rites Read In First Baptist Church

In a double ring ceremony at the First Baptist Church August 1, Patricia Ann Hardaway, daughter of Mr. and Mrs. E. L. Hardaway, became the bride of John Walter Capps of Tipton, Okla., son of Mr. and Mrs. Gilmer Capps of Tipton.

Dr. Strauss Atkinson, pastor, read the ceremony before a satin draped choir rail centered with a pedestal of white gladioli. Clusters of white daisies, garlands of palm, and two candlebras flanked the central arrangement.

Mrs. Meade Humphries of Canyon, played selections of traditional wedding music and accompanied Henry Hardaway, who sang "The Lord's Prayer" and "Through the Years."

Wears Mint Green Dress

A cousin of the bride, Miss Judy Parsons, who was maid-of-honor, was attired in a waltz-length dress of mint green taffeta, accented by a cummerbund and hem - length sash. Bridesmaids were Rita Grabbe and Peggy Davis, who wore dresses identical to that of the maid-of-honor. Each attendant carried a bouquet of white glamelias accented with English ivy.

Cynda Capps, niece of the bridegroom, was flower girl. Her dress was of white organdy with a cummerbund and bow. Candlelighters were Betty Hardaway and Joyce Parsons, cousins of the bride, who were dressed in yellow taffeta dresses styled like those of the bridesmaids.

Gilmer N. Capps, brother of the bridegroom, was best man, and Leon Wright and Jerry Bell of Vernon were groomsmen.

Four Share Duties

Sharing the ushering duties were Frank Mullins, Royce Hardaway, E. J. Parsons, and Jimmy Parker.

Escorted to the alter by her father, the bride chose a gown of white dupioni silk with seed pearls and irridescent sequins outlining the scalloped bateau neckline. The floral-length skirt was gathered into a ruffle that extended into a chapel-length train..

Her fingertip veil of imported French illusion was attached to a queen's band which was also adorned with pearls and sequins. She carried a cascade arrangement of white orchids and stephanotis.

A reception followed in Fellowship Hall.

Colorado Honeymoon

For the wedding trip to Colorado, the bride traveled in a dress of beige denin and organza with matching accessories and a white orchid corsage.

After August 15, the couple will make their home in Odessa, where they will attend Odessa College this fall. The bride is a graduate of Canyon High School and has attended West Texas State College. A graduate of Laing High School, the bridegroom attended WT last year.

"ONE MAN'S FAITH"

A compilation of speeches rich in inspiring thoughts

Rarely is history written by one who was an eyewitness to its making; even more rarely is history written by one who actually participated in the making of it. But rarest of all is that happy combination in which the one who made the history not only does later write it, but is also qualified as an historian . . . Yet here in this history of the first half-century's development of West Texas State College is found that rarest of all combinations.

people who are at home with quality ..choose GAS appliances

Walk through an elegant doorway and you expect an elegant interior . . . and today, elegance in the kitchen is synonymous with GAS appliances. For example, the built-in range. Both in appearance and performance, it confidently maintains its place amidst the finest of home furnishings. Its sleek, luxurious beauty is always in perfect harmony with the most discriminating decor. Completely automatic from top burners to broiler, a Gas range makes the dull routine of cooking almost effortless . . . offers the perfect complement to cooking skill in creating meals that delight the eye, tempt the taste. And aside from the general excellence of its engineering, a Gas range offers a whole list of unduplicated advantages such as closed-door smokeless broiling, no warm-up wait, instant shut-off with no heat hang-over, and an absolute minimum of heat fluctuation. In every way — economy included — GAS gives you more! And where the finest is truly appreciated . . . GAS belongs.

Poetess to Join WT English Staff

Dr. Jenny Lind Porter, whose poetry and scholarly writing are earning for her a reputation as one of the rising literary figures of the Southwest, has been named assistant professor of English for the 1959-60 session at West Texas State College.

Coming to WT from the University of Tennessee, Dr. Porter is a native of Ft. Worth. She earned B. A. and M. A. degrees at Texas Christian University, where she was a teaching fellow. She holds the Ph. D. from the University of Texas, and she has done extensive work beyond the doctorate at the university. She compiled a brilliant academic record throughout her college career.

Two volumes of poetry, "The Lantern of Diogenes" and "Azle and The Attic Room", have been published by Dr. Porter, and her poetry has appeared frequently in such national circulation magazines as the Ladies' Home Journal and Seventeen. Her articles and poems have been published in such journals as The Personalist, scholarly magazine of the University of Southern California.

Dr. Porter has won wide acclaim for her recent translations of French poetry of the 12th and 13th centuries.

Carruth Drafted For Office by School Heads

Irby Carruth, former superintendent of schools at Canyon and graduate of West Texas State College, has been drafted to run for a high office in the American Association of School Administrators.

Carruth, now superintendent of the Austin schools, was drafted by the Texas Association of School Administrators to run for the vice presidency of A.A.S.A.

Carruth's name will appear on the nominating ballot for the election of A.A.S.A. officers in early October.

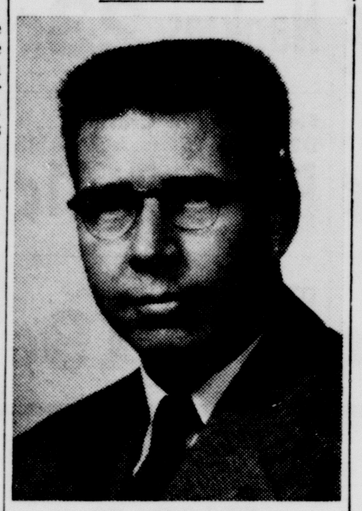

Spanish Training Then Bogota Set For Brown Family

The first man assigned to the Reserve Officers Training Corps at West Texas State College left Canyon Monday to take a six-week course in Spanish before being transferred to Bogota, Colombia.

He is M/Sgt. Curtis L. Brown, who was assigned to the ROTC unit here in 1952.

Sergeant Brown and his family were scheduled to leave here for Presidio, Calif., to begin training for an assignment at the American Embassy in Bogota.

The sergeant and his family have left Canyon once before in 1954 when he was transferred to Heidelburg, Germany. However, he returned in 1957.

Farr to Receive PhD in Speech

An assistant professor at West Texas State College, Loyd Farr, will receive his Ph.D. degree in speech today from the State University of Iowa.

Farr's dissertation was on "A Rhetorical Analysis of Selected Addresses of Robert M. Hutchins." Hutchins, former president of University of Chicago, is now president of Fund for the Republic.

Farr's minor was in education.

He came to WT as an instructor in speech in 1956, after serving as instructor in communication skills at State University of Iowa.

Farr received his B.A. and M.A. degrees from Southwest Texas State Teachers College and is a member of Speech Association of America, Southern Speech Association, Texas Speech Association and Texas Association of College Teachers.

He married the former Lillian Ruppel, and they have two children, Russell, 13, and Andrea, 10.

Changes in the Conservation Reserve Program for 1960 include a provision that new owners of land cannot place it in the reserve. Neither can contracts be transferred from one farmer to another for the first three years of the contract period. Cost-shares for the establishment of the acreage to grass will amount to 50% of the cost. Under the old program, 80% of the cost has been paid.

Farmers wanting to place acreage in the reserve must make application for the rate to be established between August 24 and September 10.

The community nominating committees for the committee elections met Thursday of last week and nominated farmers to serve the next year. They nominated the following:

For the Canyon Community - George Albers, Newton Crain, Cecil Waters, J. A. Meyer, Jim Cabe, Leonard Boehning, E. A. Michael, Louis G. Hinders, Del Crist, and R. T. Lindsey.

Sunny Hill and Fairview - E. F. Culp, C. C. Sutton, H. H. Shipman, Ben C. Boston, J. C. Buntin, Fred Cox, Chan Foster, Lewel G. Johnston, John F. Robinson, and E. A. Womack.

Jowell - Tom Gooch,Jr., Wendell Sims, Jozach Byrd, Earl Burtz, Albert Craig, Walter Graham, George Edmonds, Simon G. Elliott, Edgar Robinson, and Q. W. Gill.

Umbarger - Leonard Batenhorst, Carl Hartman, Jr., M. J. Gerber, Ed Bourn, S. O. Bolte, M. W. Hicks, Ben Koch, Anton Hollenstein, Ernest Stocker, and E. N. Reinart.

Highland - Roy Lamb, Tom Fogg, B. T. Spear, Luther Mason, Bill Wood, George S. Hand, Charles Davis, A. M. Kuehler, Harvey Artho, and L. E. Kitchens.

Trigg-Zita - E. C. Smith, R. G. Burrell, Frank Ham, Forrest Gruner, Emil Olson, Cecil Winn, John J. Cook, L. E. Hermesmeyer, H. W. Burrus, and Marion Bruce.

Stone - Melvin Wagner, Lynn Bennett, Dyer Bonifield, Thomas T. Triplett, Harold Erwin, Freeman Keeter, John L. Upshaw, C. B. Erwin, Floyd Thomas, and O. E. Sherer.

☆

Ballots with the above farmers entered on them will be mailed August 28. They are to be returned not later than September 8. The first five farmers in each community will be elected. The farmer that receives the most number of votes in each community will help to elect the County Committee that will serve next year.

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and *coil* springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: ". . . the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of *seven* big bests—all documented by published opinions of experts and on-the-record facts and figures.

BEST ROOM—Official dimensions reported to A.M.A.* show that Chevrolet sedans offer more front seat head room than all but one of the *high*-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of the leading low-priced three.

BEST ENGINE—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

BEST BRAKES—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy outstopped both of the other leading low-priced cars in a test of repeated stops from highway speeds.

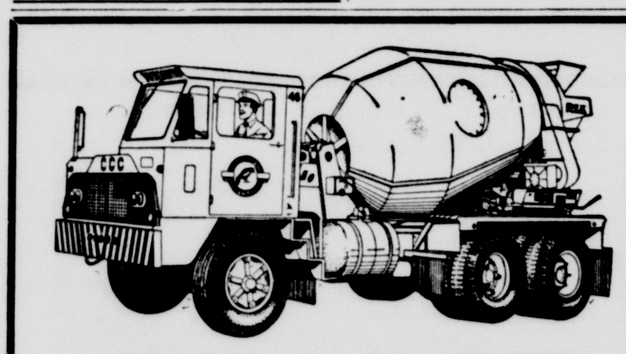

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN—Any N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to $128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

Rites Set Today For Lake Victim

Funeral services were scheduled today at 11 a. m. for Douglas Burdell Peterson, 27, of Abilene, who drowned early Saturday in Buffalo Lake.

Peterson's body was found floating in the lake about 7 a. m. Monday by Riesel Johnson, manager of the lake.

Members of the Randall County Sheriff's Department, Amarillo Emergency Corps, and Highway Patrol had searched for the body for two days without success.

The drowning is said to have occurred between 3:30 and 4 a. m. Sheriff L. S. "Slim" Johnston's office got the call from the lake at 5:23 a. m.

After the body was spotted Monday, a Warren-LaGrone Funeral Chapel ambulance was sent to the scene. The body was later transferred to Amarillo.

Jackson to Lead Archery Debate

A. S. Jackson, chief biologist at Canadian for the Texas Game and Fish Commission, will conduct a public hearing August 20 on whether or not to set up a special bow hunting season this fall in the Panhandle.

The meeting, which Game Warden Woody Pond says will be a discussion on the merits of an archery season, will be held in the Randall County courthouse. The hearing is slated to begin at 8 p.m.

Persons from throughout the Panhandle area may attend the meeting. Archers, especially those who attended a week's hunt last year on the Canadian River, are expected to be in attendence here.

The Game and Fish Commission has authority to set the season in 63 counties. The season cannot exceed the 30 day pre-season hunt specified in the general law.

If bow hunters in this area are not able to attend the August 20 meeting, they may send their suggestions in writing to W. J. Cutbirth, Jr., assistant secretary of the Game and Fish Commission, in Austin.

'Life Line' Beamed Each Day on KGNC

"Life Line," a religious and patriotic educational program, is being broadcast each day from radio station KGNC in Amarillo.

The program, which has been endorsed by many of the largest churches in the state, is beamed each day at 7 p.m.

Rev. W. A. Criswell, pastor of the First Baptist Church of Dallas, often referred to as having the largest congregation in the world, said, "The 'Life Line' broadcasts comprise a daily and flaming challenge to the materialism and socialism that threaten to engulf out world."

BRAZZIL TO SPEAK

John Brazzil, county agent, will be guest speaker when the Canyon Garden Club meets at 7:30 Thursday evening in the Levi Cole home. He will speak on weed control. The public is invited.

You can boost yields 5 bushels per acre— with a McCormick® Model M
Grain Drill

Three-year tests at a midwestern agricultural college compared broadcast seeding at the rate of 4 bushels an acre with drilling at the rate of 3 bushels per acre. Results: Average yield of drilled seed was 5.3 bushels per acre more than broadcast seeding!

Here are three reasons why you can get better stands and bigger yields with a McCormick drill: 1. Each of the feeds measures out exactly the same amount of seed; 2. You can regulate the seeding rate within ounces; 3. You can control seeding depth within a fraction of an inch.

We would like to tell you more about the drill and broadcast seeder comparison—and McCormick drills. Stop in when you're in town.

Cunningham Takes Office in Fall as H-SU Student Head

Melvin Cunningham, 21, son of Mr. and Mrs. A. M. Cunningham of Canyon, will take charge of the number one student office at Hardin-Simmons University this fall when the college begins its new school year.

Cunningham, a 1956 graduate of Canyon High School, was elected to the H-SU Student Association presidency last spring by the university's student body.

The former track and basketball standout for the Eagles is a senior student at Hardin-Simmons, majoring in accounting.

At the Abilene school, he holds two letters in basketball and is a member of the track team.

Wayside News

By MRS. W. R. FRANKLIN

Rev. Walter Hadley filled the pulpit Sunday morning at Wayside, and Sunday night a number from Wayside attended the evening services at the Methodist camp grounds. A basket lunch was also enjoyed by the crowd.

Mr. and Mrs. W. R. Franklin were supper guests in the J. S. Sluder home in Happy Wednesday evening. Their son Pvt. Wendell Gene Sluder from Camp Hansford, Washington, Missle Base. He came for his wife, Janice, who has been staying with her parents in Amarillo. They left Thursday evening by car for Camp Hansford where Wendell is stationed.

Curtis Fowler was an overnight visitor in the M. E. Counterman home last Saturday night.

Mrs. Guy Watson has signed a contract to teach the Wayside school. The community is very fortunate in securing Mrs. Watson as teacher.

Mrs. R. C. Petty of Goldthwaite is visiting her daughter and family, the Charles Kennedys.

Patsy Schrib is employed at the Methodist camp.

Capt. and Mrs. Bryce Payne, Bryce Jr., Dan, Don, and Doug, of Abilene are weekend guests in the E. J. Mahler home. Capt. Payne goes to Wichita, Kan., for a four-month training course.

Mr. and Mrs. Joyce Lane and Ivy were visitors in the home of Mrs. Vera Mae Hayes in Spearman last Sunday.

Mr. and Mrs. Grady Kennedy and her brother, Tom Malone, of Canyon were callers in the Charles Kennedy home last Sunday evening.

Mr. and Mrs. E. C. Franklin have signed as teachers of the San Jacinto school and have accepted the school at Justiceburg.

The union revival will begin August 23 at the Wayside Church with Rev. Fred Porter, of Dostales, Calif., doing the preaching and Rev. J. H. Martin, pastor of the Sixth Street Methodist Church of Sweetwater, as the song leader.

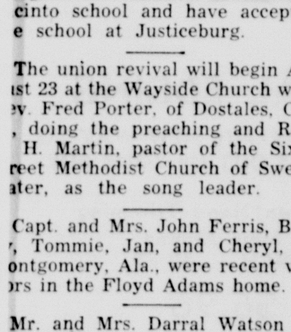

Capt. and Mrs. John Ferris, Becky, Tommie, Jan, and Cheryl, of Montgomery, Ala., were recent visitors in the Floyd Adams home.

Mr. and Mrs. Darral Watson of Amarillo were callers in the parental Guy Watson home Saturday afternoon.

Shoppers in Tulia Monday, Dollar Day, were Mr. and Mrs. W. C. McGehee, Mr. and Mrs. W. R. Franklin, Mrs. Donnie Martin and Darrel, Mrs. Willie Modisette, Roy and Fay, Mrs. Elvin Scroggins and Linda and Mrs. Charles Kennedy.

Life may be short—yet it gives most men time to outlive their good intentions.

Cosby - Downing Wedding Vows Solemnized in Baptist Church

Theora E'Lee Cosby, daughter of Mr. and Mrs. Clarence N. Cosby, 2609 Fifth Avenue, and Gerald (Jerry) Wood Downing, son of Mr. and Mrs. M. S. Downing, 2507 Ninth Avenue, were united in marriage at 3 p.m. Sunday in the First Baptist Church.

Rev. H. Doyle Ragle, pastor of the First Methodist Church, officiated at the double ring ceremony.

Centering the satin draped choir rail was a large gothic arch background. Tall cathedral candelabra stood on either side of the central arch, and large floor baskets filled with white gladioli flanked these candelabra. At the extreme edges of the bridal party were seven candelabra. Garlands of plumosus fern draped from the outer candelabra up to the gothic arch to complete the setting.

Mrs. Humphries Plays

Mrs. Meade Humphries, organist, presented traditional nuptial music, including wedding marches, and played "Claire de lune" throughout the ceremony. Soloist was Frank Wood of Amarillo, uncle of the bridegroom, who sang "Because" and "Walk Hand in Hand" after the candles were lighted and "The Lord's Prayer" as the benediction.

Candlelighters were Layne Cosby and Steven Downing, brothers of the bride and bridegroom.

Serving as bridemaids were Sara Lynn of Amarillo, Shannon Downing of Canyon, sister of the bridegroom, and Barbara Bagley of Amarillo. Mrs. Allen Downing, cousin of the bridegroom, was matron-of-honor. All wore identically styled dresses of romance blue cotton satin, with fitted bodice featuring scalloped necklines and shirred cap sleeves. The matching hats featured wide brims with shirred headbands caught at inteverals with pearls.

The attendants carried colonial nosegays of white carnations with cascading English ivy. The matron of honor's bouquet featured blue carnations tinted to match the dresses.

Cousin Carries Petals

Gail Ann Downing, cousin of the bridegroom, who served as flower girl, wore a white nylon dress with a blue frocked design. Her sherdre blue satin wristlet was decorated with pearls and ribbons tied in love knots, and it bore a white crochet basket decorated with blue, made by the bride's grandmother.

Ronny Cosby of Amarillo, nephew of the bride, carried the rings on a white satin pillow bedecked with flowers.

Allen Downing, cousin of the bridegroom, was best man with Clarence Rice of Roswell, N. M., cousin of the bridegroom, Gary Jones of Amarillo, and Max Downing of Colbert, Okla., brother of the bridegroom, as groomsmen.

Ushers were James Thompson of Amarillo and Clifton Newberry.

The bride wore a formal gown of Chantilly lace styled on princess lines. The satin trimmed empire bodice featured a low scalloped neckline and long tapered sleeves forming rose points over her hands, and the bouffant skirt was accented by a double satin bow in the back and satin panels extending into a chapel-length train. Her shoulder length veil was of French illusion edged with imported French lace cascading from a tiara of lace and seed pearls interspersed with rhinestones.

Carries Heirloom

Given in marriage by her father, the bride carried an heirloom drawnwork handkerchief, which had been carried by the bride's mother and grandmother at their weddings. Something borrowed were the pennies in her shoe.

The bride carried a cascade arrangement of white feathered carnations centered with a white cattaleya orchid. Traditional satin streamers tied with love knots completed the bridal bouquet.

The mother of the bride chose a navy blue dress with navy and white accessories. The grandmother of the bride also wore navy blue and white accessories. The mother of the bridegroom wore a pink lace dress, and her accessories were white. All wore corsages of white carnations.

Miss Jackie Barnard registered the guests at the wedding.

Laid in White

A reception followed in Fellowship Hall.

The serving table was covered with a white ruffled net spread over white. The centerpiece was a white nylon lace heart featuring white bells, tied with blue ribbons with "Theora" and "Jerry" written in gold. The heart nestled in a styrafoam base which held selections from the corsages the bride had received for the bride's bouquet.

The three-tiered wedding cake was daintily decorated with pale pink rosebuds and green leaves and topped with a miniature bride and bridegroom. Mrs. H. D. Dolcator of Amarillo served the cake, and Mrs. JoZach Byrd presided at the punch bowl. Others in the house party were Mrs. Hugh Greiner, Mrs. Virgil Henson, Mrs. Elmer Marshall, Mrs. Olin Cosby of Amarillo, Miss Patricia Downing, and Miss Elaine Downing.

For the wedding trip to New Mexico, the bride wore a two-piece suit of toast brown with white accessories. Her corsage was the white orchid from her bouquet.

A graduate of Canyon High School, the bride is a senior at West Texas State College, where she is majoring in elementary education. She will teach first and second grade at Walcott School in Deaf Smith County this fall. The bridegroom, a graduate of Canyon High School and WT, where he majored in industrial arts, will teach fifth and sixth grade at Waltcott school.

Mrs. Mary Burtz of Canyon, accompanied by her daughter Mrs. Minnie Fewell of Robesville and Mrs. Ancil Shewbert of Dalhart, visited in Omaha and Fremont, Neb., last week. They returned Tuesday.

Officials Close League Season

Officials of the Canyon Babe Ruth League met last week to officially close the league season for this year.

League play ended in July when the Babe Ruthers lost at the district tourney, but two games were played between the 13-year-olds of the league after the tournament.

In the final game, held August 3, the White Sox and Giants downed the Cardinals and Pirates, 14 to 2. Don Breitling, who had control trouble in the first game, was the winning hurler.

The first game, held August 1, saw the Cardinals and Pirates downing the White Sox and Giants, with Steve Burgess being credited with the win.

As the season closed, league officials said they wished to thank George Gibson, who had charge of equipping the park with lights, and Paul Funston, who had charge of obtaining umpires for the league games.

Telephone Company Transfers Gibson To Plainview Post

G. E. Gibson, construction foreman for the Southwestern Bell Telephone Company here, has been transferred and appointed plant foreman for the company in Plainview.

The announcement was made by Homer Estes, district plant superintendent in Amarillo, who said the appointment was effective immediately.

Gibson is married and has two children. He and his family live at 508 Eighth Avenue and are looking for a house in Plainview.

Gibson began his telephone career as a groundman in 1941 and was transferred to Canyon in 1948.

No replacement has been announced.

The easiest thing in the world is to give up—but it takes grit to keep up.

Washington Report

The Labor Issue

By Representative Walter Rogers
18th Congressional District

The big question in this country is, "What kind of labor bill will the Congress pass?" The Senate has already adopted its version.

Many have argued the Senate Bill is not strong enough, because it did not include the McClellan Amendments. On the other hand it is being argued in many quarters that the Senate Bill is much stronger than the House Bill recently reported. The House Bill will probably be the subject of debate in the Congress by the time you receive this letter or shortly thereafter.

It is contemplated that several substitutes may be offered to take the place of the House Bill. Whether or not any of these will be adopted is highly conjectural, but it can be expected there will be many amendments to the measure. What its final form will be, no one knows. But, when it is completed the contest between the House and the Senate will be in reconciling the differences between the two bills.

Stop Gangsterism

It is generally conceded that the American public demands the passage of legislation effectively prohibiting racketeering and gangsterism in the unions. This is a primary requirement by the people of this country, and rightfully so. The racketeering and gangsterism which has been exposed should never have been permitted in the first place. A great number of the acts alleged to have been committed in carrying on violence by many of these groups constituted violations of the criminal statutes of the states in which these acts occurred.

I am at a loss to understand why these violators were not prosecuted and sent to prison where they belong. Ex-convicts, racketeers, gangsters and every other kind of hoodlums, who have weasled their way into these organizations, will surely destroy them unless they are removed. It is entirely unfair to the honest, sincere, law-abiding, laboring people of this nation to permit these practices to continue. They bring honest union officials into disrepute and open the door to the corruption of whole communities.

If these practices are to be allowed to continue in labor unions, we must expect they will breed the same kind of activities in all segments of the economy and completely destroy the democratic processes upon which we stand. A corporation, a labor union, or an individual does not and should not have the right or the power to circumvent the Constitution and the laws of this country to its own benefit. Yet, we see attempts every day to do just that.

Strong Reform Bill

It is my hope that, in the final analysis, the Congress will adopt a labor reform bill which will be amply strong to cast fear into the hearts of all thugs and cut-throats, and will fully and clearly protect the constitutional rights of all parties to a labor-management contract.

It goes without saying that all of the controversies between labor and management, growing out of the many decisions of the National Labor Relations Board and the courts of this land, cannot be resolved and settled in one piece of legislation. To try to do this would be to confuse the issue more than it has been in the past, provide the means for more litigation and bitter feelings; but the basic policy to be pursued in the future and to cure the basic ills which have plagued the management-labor negotiations for so long, can be clearly and concisely set forth. Once this is done it will constitute a beginning point from which we can find the solution to the many smaller problems which must be met.

Visitors

We had a great number of visitors from the Panhandle last week, and it was good to see and visit with each of them.

From Amarillo, we had our good friends, Hugh Tull and Pete Gilvin. They were in Washington attending a meeting of the Associated General Contractors of America. Also from Amarillo, Mrs. H. C. Sloan and her mother, Mrs. Edith Williams, and her two sons, Bill and Gary. They were in Washington visiting friends and vacationing.

A wonderful group of women from West Texas State College in Canyon were in Washington for a brief stopover on their way to Nova Scotia. Most of them are teachers in our public schools all over the Golden Spread area, and they are summer students at West Texas State currently enjoying a geography tour under the guidance of Dr. M. B. Measamer, who annually arranges these fine trip .

They are traveling by chartered bus, and they stopped over in Washington two days where they saw many points of interest, including both the House and Senate in session. The group included Mrs. Lillian Mullinax, Miss Oleta Marlin, Mrs. Roy Sullivan, Miss Pearl Spaugh, Miss Martha Montgomery, Mrs. Betty Boswell, and Mrs. Grace McDowell, all of Pampa; Mrs. G. Hall, Mrs. Velma Bennett, and Mrs. E. C. Pettigrew, Jr., all from Borger; Mrs. Mary Ellen Robertson from Sanford; Miss Lonie H. Garrison, Mrs. Kay Hungate, and Larry L. Hungate from Canyon; and Mrs. Mary Louise Blaine and Gloria Blaine from Amarillo.

Mr. and Mrs. Carl D. Moorhead from Amarillo were in Washington for a short visit, and we appreciated them coming by the office.

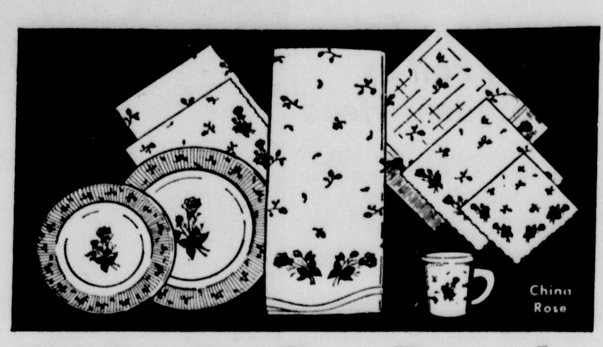

Dwyer Attending Ft. Worth Meet For Ag Teachers

Edward Dwyer, vocational agriculture teacher at Canyon High School, this week is attending the annual state convention of vocational agriculture teachers of Texas.

The convention, being held in Fort Worth, came as Governor Price Daniel proclaimed August 9-15 as "Vocational Agriculture Teachers' Week."

At the conference, the state's nearly 1,000 vocational Agriculture teachers are studying new techniques and ideas in technical agriculture and teaching methods, as well as hearing from leaders in the fields of agriculture, farm organizations, and education.

In issuing his official memorandum, Governor Daniel emphasized the increasing importance of training in agriculture and took note of the important function of the vocational agriculture teachers of Texas in farming education.

Ann Alexander Shower Honoree

Miss Ann Alexander of Amarillo, bride-elect of David Miller, was complimented with a miscellaneous shower Tuesday evening in the home of Mrs. J. Don Singleton.

In the receiving line were Mrs. A. A. Alexander of Amarillo, mother of the bride-elect, Mrs. W. E. Miller, mother of the bridegroom-elect, the honoree and Mrs. Singleton. They wore identical corsages of pink and aqua carnations using the bride-elect's chosen colors.

An arrangement of aqua carnations and pom-pom chrysanthemums in a miniature pink parasol centered the tea table which was laid with a shadow organdy cloth. Mrs. W. F. Miller of Happy, grandmother of the bridegroom-elect and Mrs. Gene Miller of Amarillo presided at the punch service. Assisting in the dining room were Mrs. Cone Johnson of Happy, Mrs. Goldman Ayer and Mrs. R. E. Cleavinger of Dimmitt, aunts of the bridegroom-elect.

Seated at the guest book were Janis Miller, sister of the bridegroom-elect and Nancy Cleavinger, cousin of the bridegroom-elect. Seventy five guests called during the appointed hours from seven until nine o'clock.

Hostesses were Mrs. J. M. Daugherty, Mrs. Bob Parsons, Mrs. J. H. Black, Mrs. Hud Prichard, Mrs. D. M. Foster, Mrs. W. Mitchell Jones, Mrs. J. C. Whittington, Mrs. R. R. Rigsby, Mrs. Claude Moore, Mrs. J. D. Barker and Mrs. Singleton.

Cuban Missionary Honored By Tea

A tea honoring Miss Joyce Hill, missionary to Cuba, was given by the Woman's Society of Christian Service of the Methodist Church, in the home of Mrs. E. M. Meyers on August 4.

Miss Hill, who is on vacation, spoke interestingly of her work among the rural people of Cuba for the past year.

A Cuban minister will take her place there and she will return August 12 to Cienfuegos as principal of Eliza Bowman school. One of her main concerns is 17 students who have been able to attend this school by doing some of the janitor work. Government regulation now prohibits the use of any but union labor, leaving 17 ambitious students eager to go to school but unable to do so, for lack of $8 each month for tuition.

She also spoke of the spread of missionary work into more of the rural areas of Cuba.

Ways to torture the backyard hostess:

Another housewife (waving a fly off of her iced tea glass) - "Haven't the insects been terrible this year? They say there's lots of polio."

A doctor guest (as someone slaps at a flying object) - "Did you know mosquitoes will travel eight miles? No, these out here don't carry malaria, but they do carry encephalitis. What town has some encephalitis cases? Oh, that's Podunk. It's 20 miles from here."

A male guest: "D'ja see the story in this morning's paper about the ptomaine cases at that church picnic in Missouri? Forty people went to the hospital! Eatin' some kind of chicken casserole, I believe it said."

Ways to torture the traveller:

By air (as the plane taxis up after a 45-minute delay for repairs) "The pilot's sure checkin' those landing gears! He don't trust them mechanics either." (as it hits a thunder shower) - "If you feel the least bit sick, honey, there's a bag in that seat pocket right in front of you."

By train - "Wasn't it remarkable that nobody was killed in that Wisconsin wreck? They say it was the trees kept the coaches from going over a cliff. Slowed for a curve. Boy, this is really a hairpin line! No trees, either, ha, ha!"

By sightseeing limousine - "Now, folks, I've been drivin' these mountains for 35 years, and I ain't never gone over the side yet. Yep, I plan to retire next year; not as young as I was. Look way off down there! Ever see anything prettier?"

Ways to torture the prospective young mother:

"Gee, I hope you don't have the luck my cousin Sally did! They discovered she had lukemia, and..."

"Oh, you'll get along all right, especially after this first one!"

MRS. ARTIS FRANK FUSON

☆ ☆ ☆

Kathryn Louise Brillhart Weds Artis Frank Fuson August 8

Kathryn Louise Brillhart, daughter of Mrs. Ruth Ann Brillhart of Canyon and James H. Brillhart of Spearman, and Artis Frank Fuson, son of Mr. and Mrs. Lloyd Fuson of Spearman, were united in marriage at 8:30 p.m. Friday in the First Methodist Church.

Rev. H. Doyle Ragle, pastor, officiated at the double ring ceremony. The altar was decorated with a bouquet of feathered white carnations.

Mrs. Bill Cessner Jr. of Canadian, was matron of honor and wore a navy blue nylon organdy dress with white hat and gloves. She carried a nosegay centered with whole glamelias outlined in white feathered carnations.

Bill Cessner Jr. of Canadian was best man.

The bride wore a street length dress of white chiffon, nylon net long mitts and a short veil with a white headband centered with a pearl. She carried a bouquet of white roses and pale blue feathered mums, tied with white streamers held by love knots.

For her daughter's wedding, Mrs. Brillhart chose a tan lace dress, and Mrs. Fuson wore black crepe with white accessories. Both wore white glamelia corsages.

Out-of-town guests were Mrs. Lloyd Fuson and Bob; Mrs. Cormar Corbitt of Dalhart; James H. Brillhart of Spearman; Mr. and Mrs. O. C. Shearer of Perryton, grandparents of the bride.

After August 16 the couple will live in Canadian. The bride is a 1959 graduate of Canyon High School, and the bridegroom is employed by Baker-Taylor and Co.

Mrs. Mary Cheatham and daughter are visiting relatives in the Lubbock area this week.
